

## Commercial Kitchen

**Project:** Commercial Kitchen

**Category:** Slip Resistance  
Flooring

**Area  
Covered:** 142m<sup>2</sup>

**Completion  
Date:** 2004

**System:** Rhino Linings Duraspray

Before...

After...

This floor is a commercial kitchen at BHP Wollongong. The floor had lino on it, which first had to be removed.

Before spraying the entire floor area was prepared and primed. The project took 4 days to complete. It was sprayed with Duraspray at approximately 4-5mm thick with a slip resistant finish.
